

Blood Bank of Hawaii

High School Donor Recognition Program

We at BBH aim to honor our young donors embarking on a lifetime of giving. Every donation made by a student during their high school career will be credited toward a blood donor pin, red honor cord or gold and red honor cord for participating schools.

Please remember that your school's unique Lifesaver Club sponsor code MUST be provided at registration for donations made outside of a school-sponsored blood drive. It is critical that all donors know the school's sponsor code and understand the expectation for providing it in order to be credited for the pin and/or honor cords.

If you do not know your school's specific Lifesaver Club sponsor code, please reach out to your BBH account manager.
